finally finished

Repository: vva-cli | **Branch:** main | **Ref:** fff2ec3 | **Date:** 2026-11-04

1. Executive Summary & Purpose

Analyzed Git commit fff2ec3: finally finished. Verified 1 changed file(s) across project subsystems.

Purpose and Strategic Rationale:

Implements targeted architectural and technical enhancements in vva-cli.

2. System Architecture & Component Workflow

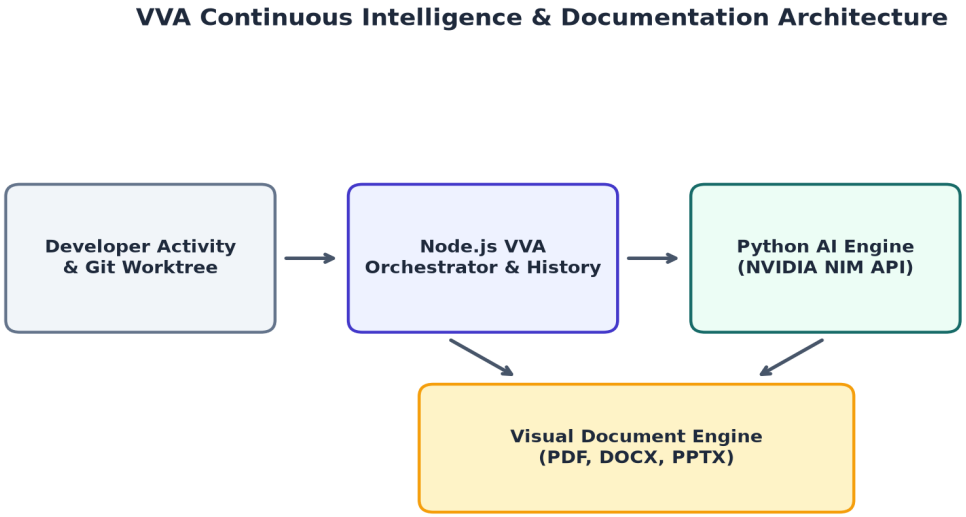

Figure 1: Architectural Component Flow & Intelligence Lifecycle

3. Development Activity & Evolution Metrics

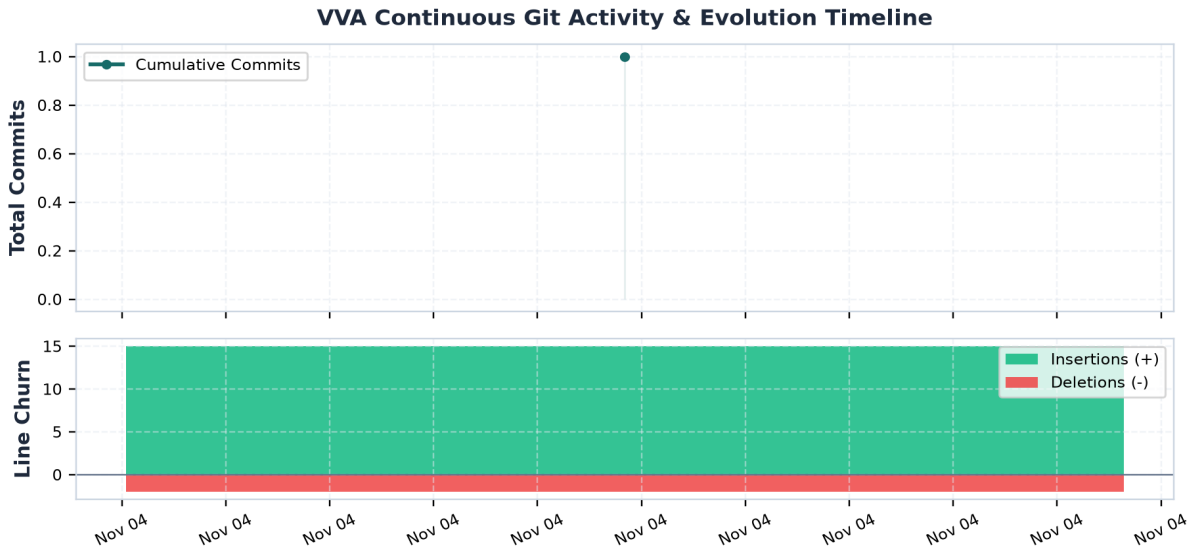

Figure 2: Cumulative Commit Progress & Code Volume Churn

4. Historical Development Milestones

Commit	Author	Milestone Type	Commit Message
fff2ec3	abhirambinil-08	Current Analyzed State	finally finished

5. Technical Implementation & Subsystem Modifications

- Updated .vva/config.json (A) with +None / -0 lines.

6. Architectural Impact & Engineering Observations

Refines modular boundaries and ensures deterministic execution across repository workflows.

Observations and Technical Limitations:

- Facts verified directly from committed diff hunk without speculative assumptions.
- Changes verified against active runtime and schema specifications.
